*Receipt*

Since USSR/E. European branch is no longer the guardian of our carded material on Soviet variance, we would very much appreciate knowing what is being done with it and who will be receiving it in the future. In accordance with [ ] recent letter, we are continuing to work on this assignment, of course.

We have also been rather curious about the fate of our charts on Control or the elaborate report on posters.

In your letter of 23 Jan. 1948 you requested two Chinese works for the Far East/Pacific branch which were promptly sent you with our letter of 29 Jan. for a few weeks' loan. The library would like to know how much longer that branch expects to keep these.

Sincerely yours,
